

This Spring, plan to help local refugees

After suffering from war, famine and other disasters, hundreds of refugee children have arrived in Baltimore from thousands of miles away. The American Red Cross is committed to helping support these children by collecting needed materials.

YOUR SCHOOL CAN HELP!

Set-up a collection drive. It's that simple.

Collect the following brand-new items:

- Educational Games
- School Supplies
- Children's Books

Your school may drop off donations for the Refugee Youth Project After-School program Monday, May 14th – Friday, May 18th at the Central MD Chapter of the American Red Cross.

Please set-up a date and time to drop-off items at the Red Cross. If you cannot deliver these items, we may have someone who is able to transport them. Please contact volunteers@arc-cmc.org for more information.
